

BUSINESS FRIEND 2023

Each July Galway International Arts Festival lifts spirits and opens our city to the world. Ranked by The Guardian newspaper as one of the top ten summer festivals in Europe, it is a major flagship event for the West of Ireland, attracting an attendance of over 300,000 at 200 events over 14 days in July 2022.

This year, our ambition is to deliver one of our most exciting festivals to date. Theatre, amazing visual arts, great talks, street spectacle and the Heineken Big Top will all feature in a world-class programme that will promote Galway as a great place to live, work and visit.

It will cost almost €4 million to stage the festival this year and we are, as always, reliant on a multiplicity of sources to help support us in what we do. State funding, sponsorship and box office are all hugely important to us as a non-profit organisation, but we also rely on the generous support of our Business Friends.

In order to ensure the success of the Festival, we invite you to become a Business Friend of the Festival and help us make 2023 the best yet.

Supporting the Festival

GIAF now invites you to become a **Business Friend** of the Festival and assist us in bringing a world-class programme of events to Galway once more. Your help will assist us in continuing to build 'Brand Galway' in the local, national and international markets by creating memorable events and experiences that showcase Galway at its best and deliver significant economic and social returns to our city.

Being a Friend brings you closer to the exciting work you are supporting and brings with it a variety of special benefits, including complimentary tickets, priority booking, access to the best seats, exclusive invitations and more.

GALWAY INTERNATIONAL ARTS FESTIVAL IS A REGISTERED CHARITY.

'One of the most spectacular festivals in the world'
